Key words: water mites, Feltriidae, *Feltria*, replacement name.

Ключевые слова: водяные клещи, Feltriidae, *Feltria*, замещающее название.

Summary. A new replacement name, *Feltria amurensis* nom. n. is proposed for the binomen *Feltria orientalis* Tuzovskij et Semenchenko, 2009, that is a junior homonym of *F. orientalis* Tuzovskij, 2009.

Резюме. Устанавливается новое замещающее название *Feltria amurensis* nom. n. для биномиального названия *Feltria orientalis* Tuzovskij et Semenchenko, 2009, являющегося младшим омонимом *F. orientalis* Tuzovskij, 2009.

The species *Feltria longipalpis* Tuzovskij, 1999 was described under the name already preoccupied by Lundblad [1941] [Tuzovsky, 1999]. Replaced specific name *Feltria orientalis* Tuzovskij, 2009 was proposed as a new name for the junior homonym *F. longipalpis* Tuzovskij, 1999 in August 2009 [Tuzovsky, 2009]. The description of new species under the name *F. orientalis* Tuzovskij et Semenchenko, 2009 was published in September of the same year [Tuzovskij, Semenchenko, 2009]. Following the rules of the International Code for Zoological Nomenclature [1999], the specific name *F. orientalis* Tuzovskij et Semenchenko, 2009 is a junior homonym of *F. orientalis* Tuzovskij, 2009. We propose a new name, *Feltria amurensis* nom. n., for the binomen *Feltria orientalis* Tuzovskij et Semenchenko, 2009.
